Ibadan, Oyo

Summary

As a **Full Stack Developer** with a focus on **Frontend Development**, I have experience in designing and developing responsive, visually stunning user interfaces using **HTML, CSS, JavaScript, and React**. Additionally, my background in **Cyber Security** provides a unique perspective on ensuring the safety and protection of user data. With proficiency in technologies such as **PHP** and **SQL**, I have the ability to seamlessly integrate frontend and backend systems. My strong attention to detail and ability to think critically make me a valuable asset to any team.

Experience

Chief Technology Officer.

SWIFT Catalysts Hive Ltd. • Ibadan, Oyo

01/2022 - Present

As a CTO, I lead the technology vision, strategy, and execution, managed and mentored a team of engineers and developers, and oversaw the development and implementation of software products and services. I collaborated with cross-functional teams, managed the company's technical infrastructure, and achieved several notable accomplishments:

- Launched a new software product generating \$2 million in revenue within its first year
- Implemented agile development methodologies, increasing team productivity by 30% and reducing development time by 20%
- Strengthened the company's security posture and ensured regulatory compliance
- Designed and implemented a cloud-based infrastructure, reducing infrastructure costs by 15%
- Mentored engineers who assumed leadership roles within the company
- Developed and led the company's strategic technical direction, with a focus on WordPress.

Front End Web Development Tutor

ADEPT Technologies • Ibadan, Oyo

01/2022 - 02/2022

- Created and Implemented lesson plans based on student's coping ability.
- Explained and Taught what the languages are used for: JavaScript, SQL and Node.JS.
- Created Quizzes and graded students.
- Built projects and Apps; Stopwatch, TIC TAC TOE Game, and a To-do list App.
- Applied advanced knowledge of programming languages and development tools.
- Remained up-to-date with the latest programming technologies and advancements.
- Utilized algorithmic and programming tools to build helpful predictive models.

IQ Academy Ibadan

IT Manager • Ibadan, Oyo

06/2020 - 09/2021

- Managed the school's IT infrastructure, team, policies, and procedures to ensure compliance with regulations and alignment with strategic goals.
 - Provided technical support and training to faculty, staff, and students to effectively utilize IT resources and tools.
 - Successfully migrated the email system to Microsoft Office 365, designed and implemented a new network infrastructure, and led the implementation of a new Learning Management System.
 - Developed and implemented a disaster recovery plan to protect critical IT systems and data.
 - Reduced IT-related costs by 15% through the implementation of new procurement processes.
 - Achieved improved email performance and reliability, increased network speed and reliability, and enhanced student engagement and learning outcomes.
-
